

# Quick start guide

1. Charge the **mypurmist** device until charge indicator light is green. Unplug charger. The device will not operate while plugged in.
2. Add **mypurmist** water at the fill port in the back. Twist the top off the water refill and insert spout into the water fill port with the refill label facing you. Squeeze repeatedly until empty. Be careful not to over fill - stop if water spills at fill port.
3. Press ON and get instant ultrapure steam therapy for superb relief! Anywhere, anytime.
4. Adjust steam temperature to your comfort by pressing the temperature control button.

## Helpful hints

Attach included **mypurmist** scentpad at the air intake. Press one reservoir to add soothing eucalyptus and peppermint aroma. Enjoy!

Device goes into automatic drying mode for 10 min for self cleaning when turned OFF or when it runs out of water or battery. No maintenance needed.

**mypurmist free** is great for the whole family. Use **mypurmist** as often as needed. Typical use is two sessions per day for 15 minutes each.

**mypurmist free** also works as an air purifier without making steam. Toggle the temperature control to white light only for cool purified air.

Download the **mypurmist** app from Apple® App Store® or Google Play® Store to optimize your results. While setting up you will automatically upgrade from a one-year to a two-year warranty.

A steady red light in the water window on the rear side means it is out of water. **See user manual.**
